There's bread in the kitchen.

(I figured out that I can use the robot to knead and rise shoggoth bread, too--I just have to take it out between dough cycles and stick it in the fridge for eight hours to cure, then run it through a second dough cycle in the morning or after work, divide into loaves, rise, bake. I think the texture's not as good, but hey, it's bread, who's gonna say no?)
